CONDITIONS OF SALE

After the signing of the agreement on precontractual negotiations, both a notarial contract of sale of a registered immovable as well as a real right contract will be awarded for the transfer of ownership to the buyer, and the buyer shall pay 100% of the purchase price.

At the same time with notarial contracts, a preliminary contract of the subscription contract for connection to the public water supply and sewerage system (PWS) will be signed; also, the buyer will be transferred a cession letter to Eesti Energia, on the basis of which the buyer can connect to the 25A main circuit breaker in the electrical cabinet on the border of the plot.

There will be a public water supply and sewerage system joining fee for all the plots in a total of 19 585 EUR + VAT. Metsahundi street plots have an electricity joining fee of 3 8880 EUR + VAT for a 25 A main circuit breaker.

Price of contract does not include: notary fees and state fees for entry into sales contract (paid by buyer).
